Dear Affiliate Partner:

To assist you in complying with the reporting requirements for children's television and the requirement that stations air "core" children's programming, we are providing you with episode-specific descriptions as set forth in the attached Community Relations Quarterly Children's Programming Report. The report includes information to help prepare the Form 398. Please note that we have not included the specific dates and times for each of the programs as that may be station-specific.

This report is divided into the following categories:

1. **Core programming:** Regularly scheduled programming furnished by the NBC Network that is specifically designed to serve the educational and informational needs of children 16 and under. Each of these programs is identified on-air as educational and informational with the "E/I" icon, and is similarly identified to the national listing services. (Update: To assist stations with the preemption report section of the new FCC Form 398 we have added specific episode numbers).
2. **Other programming:** Programming furnished by the NBC Network that contributes to the educational and informational needs of children 16 and under, but is not specifically designed to meet the educational and informational needs of children.
3. **Public service announcements targeted to children 16 and under.**
4. **Non-broadcast efforts** that enhance the educational and informational value of NBC Network programming to children.
5. **Network on-air promotional efforts** which include a schedule of TNBC on-air promos.

The NBC Network did not broadcast any programming during the first quarter of 2001 that is subject to the commercial limits of the Children's Television Act.

If you have any questions about these reporting requirements, please feel free to call my office.
